

REMARKS

Claims 1-6 are pending in this application. By this Amendment, claims 1-3, 5 and 6 are amended. No new matter is added by this Amendment. Support for the features added to the claims may be found at, for example, Fig. 2.

I. Rejections Under 35 U.S.C. §102(e) and §103(a)

Claims 1 and 3-6 are rejected under 35 U.S.C. §102(e) over U.S. Patent No. 6,046,718 (Suzuki); and claim 2 is rejected under 35 U.S.C. §103(a) over Suzuki in view of U.S. Patent No. 6,317,114 (Abali). These rejections are respectfully traversed.

Suzuki uses bidirectional parallel communication for its PC-to-image display device communication. Independent claims 1, 3, 5 and 6, however, are directed to data that is transmitted via a network. Accordingly, the claimed image display apparatus/method/program is capable of displaying a received image independently of a PC.

Furthermore, each of claims 1, 3, 5 and 6 recites video data converted into color corrected video data. Suzuki, on the other hand, carries out compression, expansion and reduction of bit map data, but fails to disclose or suggest converting color of a projected image.

Abali fails to cure the deficiencies in Suzuki.

For the foregoing reasons, Suzuki, alone or together with Abali, fail to anticipate or render obvious the subject matter of claims 1, 3, 5 and 6, as well as the claims depending therefrom.

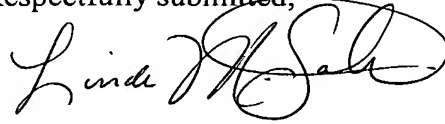

Withdrawal of the rejections is respectfully requested.

II. Conclusion

In view of the foregoing, it is respectfully submitted that this application is in condition for allowance. Favorable reconsideration and prompt allowance of the pending claims are earnestly solicited.

Should the Examiner believe that anything further would be desirable in order to place this application in even better condition for allowance, the Examiner is invited to contact the undersigned at the telephone number set forth below.

Respectfully submitted,
